In re Application of	:	
GOMARIZ	:	
Application No.: 09/762,283	:	DECISION ON RENEWED
Filing Date: 05 February 2001	:	
Atty. Docket No.: 100700-009144 [HERR18.313]	:	PETITION UNDER
For: METHOD OF TREATING ENDOTOXIC SHOCK :	:	
AND INFLAMMATORY AND AUTOIMMUNE :	:	37 CFR 1.137(b)
DISEASES IN MAMMALS	:	

The renewed petition to revive under 37 CFR 1.137(b) filed 26 January 2005 in the above-captioned application is hereby **GRANTED** as follows:

Applicant has previously provided a statement that "the entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional" thus satisfying the requirement of 37 CFR 1.137(b)(3).

A review of the application file and information from the Biotechnology Systems Branch of the Scientific and Technical Information Center (STIC) reveals that applicant has now provided a compliant computer readable format of the sequence listing. Therefore, the request to revive the application abandoned under 35 U.S.C. 371(d) is granted as to the National stage in the United States of America. A review of the application file reveals that all of the requirements of 35 U.S.C. 371 for entry into the national stage in the United States were satisfied on 28 March 2001.

The application has an international filing date of 02 June 2000 under 35 U.S.C. 363 and will be given a date of **28 March 2001** under 35 U.S.C. 371(c)(1), (c)(2) and (c)(4).

This application is being returned to the United States Designated/Elected Office (DO/EO/US) for treatment in accordance with this decision.
